Bio/Expertise

Tell SOPHE about your education and working background. Required to tell us why the author(s) are qualified to speak on this topic? (900-character limit)
Continuing Education Requirements

Presenter Objectives: Write objectives that specify learner outcomes to be achieved by the attendee at the event. The presentation will be identified as entry-level or advanced level, but not both. The level of the presentation must correspond with the appropriate competencies – see below.

Suggestion: If you are requesting a 30-minute webinar, you will need to provide one objective. If you are requesting a 60- or 90-minute webinar, you must provide one objective, but no more than two.

In writing a behavioral objective, the first step is to start with the key phrase. Use the following objective template for creating a quality learning objective:

“By the end of the session the participant will (be able to): select verb from the “Writing Objectives” tip sheet (complete the objective with a measurable element and specifics to your session).”

Level of Continuing Education & Associated Competencies

You must designate that your session is either entry- or advanced-level and choose associated competencies. Your selection will not affect the reviewers’ rating of your abstract and will be used only by the CE Committee if your abstract is accepted.

If Entry-Level is selected, choose 1 (one) associated competency. Entry-level continuing education contact hours (CECH) for CHES, please select among the competencies for Health Educators that are met by the behavioral/learning objectives for this abstract submission. One competency is required.

If Advanced-Level is selected, choose 1 (one) associated (ADV) competency. Advanced-level continuing education contact hours (CECH) for MCHES, please select among the competencies for Master Health Educators that are met by the behavioral/learning objectives for this abstract submission. They are identified in the competencies list with (ADV) at the start. One competency is required.

Additional information on the competencies and sub-competencies, can be found here: https://www.speakcdn.com/assets/2251/hespa_competencies_and_sub-competencies.pdf

Session Time Length

SOPHE has the option of webinar length of 30-minutes, 60-minute, or 90-minutes. Please identify what webinar length works best for your webinar presentation. 1 presenter only for a 30-minute webinar; 2-3 presenters may be provided for a 60- or 90-minute webinar.

A 30-minute webinar would consist of a 2-minute introduction, 25-minute abstract delivery, and 3 minutes for Q&A.

A 60-minute webinar would consist of a 3-minute introduction, 50-minute abstract delivery, and 7 minutes for Q&A.

A 90-minute webinar would consist of a 3-minute introduction, 80-minute abstract delivery, and 7 minutes for Q&A.
